A BEST FRIEND

DESERVES THE BEST CARE

CARING FOR COMPANION ANIMALS

We are dedicated to providing prompt, knowledgeable, and compassionate treatment to all animals in our care.

Equipped with the latest technology available and years of experience, your pet will receive the best care possible.

#### AMERICAN ANIMAL HOSPITAL ASSOCIATION (AAHA)

We are proud to be the only hospital in the Chippewa Valley and among the 14% of hospitals in North America to have AAHA accredited. We've undergone a thorough inspection covering every aspect of care including facilities, records, pharmacy, laboratory, surgery, diagnostic imaging, anesthesiology, dentistry, and emergency services. Our hospital has met or exceeded the standards of AAHA since 1999.

#### PRACTICE OF EXCELLENCE AWARD

In 1999, we received one of only 60 awards ever given in North America for excellence in veterinary medicine and practice management.

#### VETERINARY INFORMATION NETWORK (VIN)

Like all health professionals, we face rapid changes as new diseases, new technologies, new drugs, and new treatments emerge every month. As members of VIN, we can remain up-to-date with constant online access to a vast veterinary medical library and an worldwide community of over 44,000 veterinarians, including hundreds of specialists.

GIVE YOUR PET THE BEST

HEALTH AND PREVENTATIVE CARE AVAILABLE

# Our Team

We promise to treat your companions as if they were our own.

## TEAM-BASED APPROACH

Our veterinarians, technicians, kennel attendants, and receptionists all work together to provide the best advice, treatment, and care for your pet. You benefit from having a team of experts in preventative care, internal medicine, dentistry, and surgery all under one roof.

Our leadership team has worked to refine our practice for more than 20 years. We are proud to be a progressive, service-oriented practice that maintains the highest ethical standards.

## PREVENTATIVE APPROACH

We strongly believe that preventative medicine is the best course of action for keeping your pet healthy and your pet's healthcare costs manageable. That is why we get to know you and your pet first. We take the time to explain all the options, so you can make informed decisions about your pet's care. Then, we develop a care plan for your pet that fits their lifestyle, from their diet to their vaccinations.

Of course, unexpected emergencies can occur, even among the healthiest of pets. Our state-of-the-art facility is capable of handling all situations. We also offer emergency after-hours care.

WE KNOW HOW MUCH YOU CARE

THAT'S WHY WE OFFER ADVANCED PET CARE FROM THE HEART

- ROUTINE CHECKUPS
- VACCINATIONS
- SURGERY
- NUTRITION COUNSELING
- DENTAL CARE
- SPAYING & NEUTERING
- PARASITE CONTROL

# Our Services

Wellness care is one of the wisest decisions you can make for the health of your pet.

## MEDICAL

Choose from a full range of conventional medical services for your pet from pediatrics to oncology. We also offer spinal manipulation therapy and acupuncture.

## SURGICAL

Our state-of-the-art surgical suite provides for the performance of a wide variety of surgical procedures from spays and neuters to advanced orthopedics.

## ANESTHESIA & PAIN MANAGEMENT

Gain peace of mind knowing your pet is receiving the safest anesthetics available, especially for your older or high-risk pet. Using modern equipment, your pet's vital signs are monitored during all anesthetic procedures. Pain management is part of all of our surgical procedures.

## PHARMACEUTICAL

For your convenience, we maintain a complete inventory of pharmaceuticals and parasite preventatives.

## LABORATORY

Our in-house laboratory facilities allow rapid answers when our patients need serum chemistry, hematology, serology, urinalysis, and parasite testing. We also utilize commercial veterinary laboratories for specialized diagnostics and consultations.

## DENTISTRY

Maintaining excellent dental health is a priority at our hospital because we know this enhances quality of life. We offer dental cleaning and polishing, use of a dental-specific digital radiology unit, and extractions when necessary.

## IMAGING

Our digital radiology equipment provides the highest quality images to better diagnose disorders. Ultrasonography is available when your pet needs it.

## ELECTROCARDIOGRAPHY

We provide ECGs on-site as well as consultations with cardiology specialists.

## INDIVIDUALIZED PARASITE CONTROL

Effectively and safely control internal and external parasites with a program developed specifically for your pet's needs and environment.

## DIETARY COUNSELING

Receive guidance regarding your pet's nutritional needs for each stage of their life. Proper diet is a foundation for your pet's health.

## BOARDING

Your pet will receive quality veterinary supervision and loving attention while boarding with us. Our facility houses dogs and cats in separate areas of our hospital.
